Confirmation of Financial Resources

This is your statement of financial resources for education purposes. United States Immigration regulations require nonimmigrant International students to verify that they will have funds available to pay for their educational, living and other expenses. The Immigration Service will not permit an International student on a student visa to work except in very rare circumstances.

The total estimated educational and living expenses for an International student enrolled in Bishop Dunne are $12,500 for a 10-month period of study. An additional $2,000 is required for summer expenses in the U.S. if appropriate. This figure is an estimate based on housing costs for a student who lives with a host family, and does not include travel costs to and from the student's home country or dependent expenses.
