

Bishop Dunne Online Education Program Reminder

Parents please remember that Friday, June 26, 2009, is the last day to register your student for the Bishop Dunne Online summer session. Late registration will continue through Thursday, July 2, 2009, for an additional \$50.00 fee. The business office will close at 12:00 noon and registrations must be in by then. Classes will begin on June 29, 2009, and syllabi will be sent out that same day. The OEP offers both *credit redemption* and *accelerated* credit classes.

If your child is in need of credit redemption, the OEP offers classes in all subject areas. Please remember that Bishop Dunne policy states that any student who has failed a class during the regular school year, will need to make up that credit within six months of the failure. If your child has not successfully passed all classes, you will receive a letter that specifies the classes in need of credit redemption. We encourage parents to be proactive and enroll students immediately in order to keep the student on track for graduation with their class. Students who owe credit may not register without prior approval of the Director of Online Education and the Principal.

Accelerated classes are offered to expand your child's educational experience and prepare them for the college experience. There are a wide variety of classes available and each is designed for individual attention. The following classes will be offered during the summer online session:

Humanities: Psychology 344, Anthropology 830, Essay Writing Skills 062, The 1960's 347, Lost in Literature 090, Latin American History and Economics 845, Sports Culture in Society and Literature 855

English: Speech 051, ACT/SAT Prep 831

Physical Education: Health 423

Social Studies: World Geography 312

Math: Geometry 132, Pre-Calculus 141

Fine Arts: Italian Renaissance Art 694, Greco-Roman Art and Architecture 695, American Painting 696, Intro to Art History 697, Intro to Art History v 2.0 697

Foreign Language: Spanish Novel 553

Science: GIS Earth Science 252, Advanced Biology 233

Taking accelerated classes over the summer break will allow your student to: free up the schedule for other electives of interest ; take an additional class in a favorite subject area ; and experience online education in preparation for the college experience. Please contact Mr. Hill Copeland at hcopeland@bdhs.org or Mr. Patrick O'Sullivan at 214-339-6561 for additional information. The OEP wishes you a very happy and safe summer season!
